

Bar Study Loan Lenders

The Financial Aid Office will certify a bar loan within 6 months of the graduation date as recorded by the Registrar. A student must also have their Senior Audit complete with the Registrar before a loan certification is processed.

A student can only receive a disbursement of funds from one lender for one bar loan, and these funds should be used wisely.

The lender sends the disbursement check directly to the student's address; funds are NOT received at the Financial Aid Office for bar loans.

This list is in no particular order.
